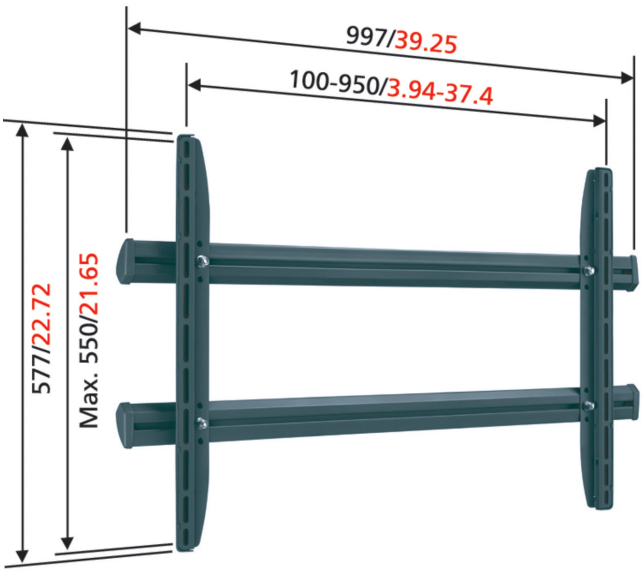
Universal LCD/Plasma adapter for Non-VESA compatible LCD/Plasma screens

Innovating the Audio/Video Experience

Universal LCD/Plasma Adapter
EFA6885



If the mounting hole pattern on the back of the screen is too wide for the standard adapter that comes with your flat screen wall support, this extra wide adapter is needed. The maximum horizontal and vertical distance between the mounting holes is 950 x 550 mm.

The EFA 6885 can only be used in combination with a EFW 62XX, EFW 63XX or VFW X32 wall support. It comes standard with all EFW 64XX wall supports.
